Deb

Yes, we are working with both OAQPS and OGC on the draft final U&O FIP and the draft proposed emission reduction credit rule. Both rules will eventually need to go to OMB after OAR concurrence is received.

Carl, are you coordinating with OAR on the two R8 actions listed?

Subject: RE: Implementation of President Biden's Executive Orders: Draft list of regulatory actions

Dear Current and Acting EPA Leadership,

Following up on the message below from Chief of Staff Dan Utech, please see the attached spreadsheet that provides an initial list of regulatory actions that are intended to be signed this year and that OMB will review. The eight EPA actions explicitly mentioned in the **Executive Order on Protecting Public Health and the Environment and Restoring Science to Tackle the Climate Crisis** have already been added to the spreadsheet. Please review all of your program's or region's actions on the spreadsheet and make a determination about whether they should be reviewed pursuant to the Executive Order. The attached list may not be complete so we encourage each office and region to look comprehensively at all of their actions under development, any new actions planned for this year, and any guidance documents (including those on <https://www.epa.gov/guidance>) from the last four years that could be reviewed by this December.

The internal deadlines for this as outlined below are:

- February 5:** Programs/Offices provide draft lists to Office of Policy
- February 12:** Final lists due to Office of Policy
- February 19:** EPA List submitted to OMB

Thank you all, and hope you are heading into a good weekend.

Best,
Vicki Arroyo
Associate Administrator, Office of Policy

TO: Current and Acting EPA Leadership
FR: Dan Utech, Chief of Staff
RE: Implementation of President Biden's Executive Orders

This past week, President Biden issued a set of Executive Orders, several of which require EPA to take action with urgent deadlines. Many of you likely have already read and started developing implementation plans for the components of the orders relevant to your programs and offices. To ensure that we stay on pace agencywide to meet our obligations, I ask that each office review the following and develop a plan to meet the urgent and longer-term deadlines.

URGENT DEADLINES

Executive Order on Protecting Public Health and the Environment and Restoring Science to Tackle the Climate Crisis
This EO requires EPA to "review all existing regulations, orders, guidance documents, policies, and any other similar agency actions (agency actions) promulgated, issued, or adopted between January 20, 2017, and January 20, 2021, that are or may be inconsistent with, or present obstacles to, the policy set forth in section 1 of this order. For any such actions identified by the agencies, the heads of agencies shall, as appropriate and consistent with applicable law, consider suspending, revising, or rescinding the agency actions." **Within 30 days, EPA must submit to the Director of the Office of Management and Budget a preliminary list of any actions being considered that would be completed by December 31, 2021, and that would be subject to OMB review.** With this thirty-day deadline in mind, please note the following milestones:

Internal Deadlines

February 5: Programs/Offices provide draft lists to Office of Policy
February 12: Final lists due to Office of Policy
February 19: EPA List submitted to OMB

To assist in the development of lists of agency actions, the Office of Policy will distribute an initial list during the week of January 25.

Executive Order on Protecting the Federal Workforce and Requiring Mask-Wearing

January 27, 2021: Administrator must report on progress of implementation of mask mandate and COVID protocols across EPA campuses.

EXECUTIVE ORDERS AND MEMOS FOR REVIEW

Please review the following and develop a plan for meeting the given deadlines and completing the tasks in your purview. Additional details on process and timelines will follow.

MEMO: Regulatory Freeze Pending Review

MEMO: Modernizing Regulatory Review

Executive Order on Protecting Public Health and the Environment and Restoring Science to Tackle the Climate Crisis

Executive Order on Revocation of Certain Executive Orders Concerning Federal Regulation

Executive Order on Advancing Racial Equity and Support for Underserved Communities Through the Federal Government
